

CCS | CLAY CREATIONS STUDIO

We are proud to have offered a fantastic ceramics program for over 20 years at Clay Creations. Children come back year after year to our summer program for the unique & fun experience of working in clay.

We Believe Strongly in These Key Principles to Our Program

1. Encourage using the imagination
2. Instill pride in personal ideas and abilities
3. Focus strongly on individuality
4. Honor the creative process with less emphasis on the finished product

Our clay program is designed to give children one week to explore the clay experience by using the potter's wheel, hand building and sculpture techniques. We have exciting new projects planned this year, along with time allowed for children to create their own ideas as well.

Summer Youth Program
